

VENUM[®]

HYBRID STOCK

The NEW VENUM HYBRID™ STOCK spinal system is ideal for patients requiring firm spinal support combined with nearly effortless comfort. The unique and mechanically advanced closure system makes the VENUM HYBRID™ STOCK a snap to don and doff with minimal effort. Its sleek weightless construction is breathable, hypoallergenic and nearly undetectable under clothing, resulting in maximum comfort. The ergonomic design of the VENUM HYBRID™ STOCK brace, patient therapy participation is promoted by adjustable levels of support.
